

HEAVYWEIGHT NEWS

Empowering Lithuania's Infrastructure

When the Tadano Faun ATF 400 and Terex Demag AC220-5 join forces in collaboration with our esteemed client AB Kauno Tiltai and partner MB Dirginta, remarkable feats in infrastructure emerge. Sarens takes pride in its role in facilitating the construction of Lithuania's largest electric overhead line support, boasting a weight exceeding 100 tonnes.

Sarens Equipment Transports Airbus A321 Aircraft at Airport in Uzbekistan

In support of the Ministry of Transport of the Republic of Uzbekistan, Sarens proudly provided equipment for a loading project at the airport in Tashkent. Working over four days in May of 2024, our equipment was used to load an A321 Airbus aircraft. For this operation, Sarens delivered a Shacman truck and Faymonville 8-axle trailer.
