

Sarens signs MoU with the Leading Crane Companies of India to Create a Comprehensive Crane Rental, Heavy Lift and Engineered Transport Services Collaboration.

Sarens Heavy Lift India Private Limited is pleased to announce the signing of a Memorandum of Understanding (MoU) to establish a collaborative approach to crane rental, heavy lifting, and engineered transport services across India with Shethia Erectors and Material Handlers Limited, Barkat Cranes & Equipments Private Limited, Amrik Singh and Sons Crane Services Private Limited and HEFT Cranes International Private Limited.

This MoU marks a significant step towards forming a unified solution for crane rental, heavy lifting and engineered transport in India, coupled with engineering expertise, and adherence to international standards of Safety, Health, Environment, and Quality (SHEQ) to serve across diverse industries, including oil, gas & petrochemicals, power (including wind & nuclear), infrastructure, and industrial construction, with streamlined project management and cost-effective solutions.

As one of the fastest-growing economies globally, India continues to present dynamic opportunities. This MoU reflects our continued commitment to address these opportunities with greater precision and dedication. Collaboration with the industry leaders reflects our shared vision of meeting the region's growing demands with seamless and comprehensive service solution to diverse and unique requirement of customers in India.

As recognized leaders in crane rental, each partner brings a valuable combination of fleet, experience, and a commitment to safety, innovation, and operational excellence. Together, we aim to set a new standard for service and reliability, establishing a definitive one-stop solution for crane rental, heavy lifting and engineered transport across India.

"With India experiencing unprecedented growth in infrastructure, renewable energy, and industrial sectors, our collective efforts under this MoU will establish a leading force in crane rental, heavy lifting and engineered transport services," said Wim Sarens, CEO of Sarens.

"By joining forces, we can simplify logistics for our clients and deliver turnkey solutions that meet the unique challenges of the region," added Atul Laximan Gawas, Sarens Regional Director of South Asia.

"With this partnership, we are not only strengthening our capabilities but also expanding our horizons. Together, we can leverage our combined expertise to deliver innovative and reliable solutions," said Mitesh Shethia, Director of Shethia Erectors and Material Handlers.

"This MoU aligns with our goal of supporting infrastructure growth in India by providing exceptional heavy lifting and transport services," commented Amar Bedi, Director of Barkat Cranes & Equipments.

"We at Amrik are proud to be part of this groundbreaking collaboration, which opens new avenues for growth and excellence," said Gurvinder Singh Saini, Director of Amrik Singh and Sons Crane Services.

"By pooling resources and expertise, we are well-positioned to meet the increasing demand for specialised lifting solutions in India," added Manoj Chaudhari, Director of HEFT Cranes International.

"I am delighted that we have partnered with like-minded individuals and organizations who share our philosophy of not merely providing services but creating true value for customers. Together, we aim to deliver customized solutions that empower our clients' success, while ensuring world-class safety and quality standards. Our commitment is to serve all over India and beyond with reliability and service quality," concluded Wim Sarens, CEO of Sarens.
